

Whisper Your Name (the Only One)

Human Nature

Ready or not this is my secret
I've been loving you so long
I know you're surprised I tried not to tell you But this love is way too strong
Talk to me just tell me what it takes

Oh girl

Chorus

I'll whisper your name
I'll tell you you're special
Say you're the only one in my life
I'll do anything
I'll promise forever girl
That you're the only one in my life

I know we've been friends
I know this is crazy
But there's nothing I can do
Don't be afraid baby this love is true
Show me you can feel it too
Talk to me just tell me what it takes

Oh girl

Chorus

I've known you forever I know that it's you
And this time my heart says it's true
I'll tell you you're special there's no one like you I love and adore everything that you do
I'll tell you you're special there's no one like you In every little thing that you do

Chorus
