Angel

inc.

stay
were already in this
that day
boy ill be right there with you
when your head goes down
when your head goes down
when your head goes downwait
and let them have their moment
its way
too soon to even show it
but when the rain comes down
when the rain comes down
when the walls come down
when the walls come downyou were always following me
you never let me be
and you' ll always be there
take me to the river and ill be your angel
and ill be your angel
you were always following me
take me to your place to be
and you' ll always be there
take me to the river and ill be your angel
and ill be your angel
i wanna bebut i know that you walk with the devil
but ill never hold it against you
when your hand goes out
when your hand goes out
when your hand goes out
when my head goes down
when my head goes down
when my head goes down
