Framing armageddon

Iced Earth

Centuries pass step by step
Revelations coming threat
Sands of time dark intent
Devise creeds breeds discontentProphecy, stars collide
Born is he who turns the tide
Ancient rage, vehemence
Indignation and tormentDark equation, astrology, Armageddon, the reckoning
(Framing Armageddon)
Revelation, astral beast, Armageddon, the reckoning
(Framing Armageddon)Shallow views, intolerance
Jewish, Muslim, Protestants
The root of man's insolence
Lies in fear and arroganceA valid threat if they unite
Moses, Muhammad, Jesus Christ
Born of man with second sight
Twist their words we will divideDark equation, astrology, Armageddon, the reckoning
(Framing Armageddon)
Revelation, astral beast, Armageddon, the reckoning
(Framing Armageddon)If humans learn what's truly at stake
And of the birth of Set Abominae
Their primitive minds, a maddened state, no
Frame it as the elder deemed
Frame it our wayFraming Armageddon
Framing Armageddon
Framing Armageddon
Framing Armageddon
