

Future World (live)

Halloween

If you're out there all alone
And you don't know where to go to
Come and take a trip with me
To future world
And if you're running through your life
And you don't know what the sense is
Come and look how it could be in future world
We all live in happiness our life is full of joy
We say the world tomorrow without fear
The feeling of togetherness is always at our side
We love our life and we know we will stay 'Cause we all live
In future world
A world that's full of love
Our future life will be glorious
Come with me future world You say you'd like to stay
But this is not your time
Go back, find your own way to future world
Life can be for living
Just try and never give in
Tell everyone the way of future world
One day you'll live in happiness
With a heart that's full of joy
You'll say the world tomorrow without fear
The feeling of togetherness will I be at your side
You'll say you love your life and you'll know why 'Cause we all live in future world
A world that's full of love
Our future life will be glorious
Come with me future world
