Circle

Crying Machine

Circle encircles the earth
Chance and choice break his heart
His innocent arm moves
To save me and I am spared
His beautiful arm is bloody and cut off
His heart ripped out to show me he loved me
But I would'nt believe him
He did all that he could, I still would not believe him
I left his arms empty and tied
Outstretched for me until he died
I left his arms empty and tied
Outstretched for me until he died
No man shows greater love
Than when a man lays down his life for his beloved
I left his arms empty and tied
Outstretched for me until he died
I left his arms empty and tied
Outstretched for me until he died
And here I'm alive
And I don't have the right
He gave me the right costing him his life
New mercy's in the morning
I believe, what if I believe you now?
Could it ever change this?
Forgive me, don't leave me
And please come back to life
I believe, what if I believe you now?
Could it ever change this?
Forgive me, don't leave me
And please come back to life
Come back to my life
I believe, what if I believe you now?
Forgive me, relieve me
Please come back life
