Mercy

Stone Sour

Hey!My best is pointless, outrun but I'll never win
This state of conflict makes sense, don't think about it
I ran away when I was 15, I was dead by 17
I know the world owes me everything
I'm gonna take it, I'm gonna make itWalking on the warmer stones
Going nowhere, now I'm here
Not a name for what I am
I guess I'm just another demon of mercyAll talk, no action, completely incomplete
Why I wish me well when I know exactly what you think?
I came alive when I was 18, you forget: I'm everything
I know the world owes me nothing
So I'll take it, if I can make it
Walking on the warmer stones
Going nowhere, now I'm here
Not a name for what I am
Your god's a weapon, he blessed every bulletWalking on the warmer stones
Going nowhere, now I'm here
Not a name for what I am
I guess I'm just another demon of mercyYeah!Tell Me Anything
Tell Me Anything
Overrated and Under-appreciated
Anything, tell Me Anything
Before you know it, you'll beWalking on the warmer stones
Going nowhere, now I'm here
Not a name for what I am
Your god's a weapon, he blessed every bullet
Walking on the warmer stones
Going nowhere, now I'm here
Not a name for what I am
I guess I'm just another demon of mercy
