

Will the Real Jesus Please Stand Up

[Jeannie C. Riley](#)

Some folks say he's comin' other say he came
Some say he's a different colar some use the different name
No matter what they're sayin' well it all comes up the same
Who's leadin' the children who's takin' them home
Who's leadin' the sheep to the promised land or they left to roam
Will the real Jesus please stand up I need him
Will the real Jesus please stand up I need him
etc...
