# Everyone's In Love

## Justin Rutledge

She's got a mountain for a name
She's got my city by the reins
She's got a perfect memory
The car's a 1973Slow down
Slow downTonight the canyon's made of glass
Why can't I stop and let you passSlow down
We've got to slow down
She's got the candles by the bed
Beside the books she never read
I hear her singing in the chambers of the seaEveryone's in love with you but me
Everyone but meShe's got a mountain for a name
She's got my city by the reinsSlow down
We've got to slow down
She's got her candles by the bed
Beside the books she never read
I don't believe you that it's better by the seaEveryone's in love with you but me
Everyone but me
(are we the cowards that they wanted us to be?)
