

# Finding A Good Man

[Danielle Peck](#)

Here's to finding a good man  
We got a bucket of corona, Enough stories to last all night. About the trials and tribulations of finding Mr. Right.  
Finding a good man.  
Here's to the liars and the cheaters and the cold mistreaters. To the momma's boys who cant make a stand. Heres to the superficial players, the i love you too soon sayers. If you hear me girls raise your hand. Lets have a toast, here's to finding a good man.  
Blind dates and horror stories. Pushy guys and fast movers. Lets dedicate this girls night out to bad talkers and bad losers. Its so hard finding a good man.  
Here's to the liars and the cheaters, and the cold mistreaters. To the momma's boys who cant make a stand. Here's to the superficial players and the i love you too soon sayers. If you hear me girls raise your hand. Lets have a toast. Here's to finding a good man.  
Julie I know you want profection. Angie you want a listener. Lisa your list is getting longer. Girls you know me I want a good kisser.  
Here's the liars and the cheaters and the cold mistreaters. To the momma's boy's who cant make a stand. Heres to the superficial players and the i love you too soon sayers. If you girls hear me raise your hand. Lets have a toast, Lets have a toast
