Shake Your Molecules (Original)

Soma Holiday

When you enter my vision

It sets my molecules ready for collision

We exite my protons

Until we reach perfect exitation

Tonight will be an explosion

Shake your molecules Shake your particules Shake your molecules shake til they break

I percieve your radiation
I become an addict of big bang theory
Tonight stand to supersize
In a perfect combination
Love is a symbolic
Equation

Shake your molecules Shake your particules Shake your molecules shake til they break

Shake, Shake, Shake, Shake Shake, Shake, Shake

Shake your molecules
Shake your particules
Shake your molecules
Shake til they break

Shake til they break
