The Dresses Song

Lisa Germano

You make we want to wear dresses
You make we want to wear dresses
You look at me so fragile
Take me to your castle
It feels so good in there
Much much safer in your castle
Mine got lost somewhere
You make we want to wear dresses
You make we want to wear dresses
You look at me so fragile
You make me think about nothing
It feels so good like that
You look at me so fragile
So full of desire
Wide wide open spaces
You make me want to wear dresses
Wide wide open spaces
You make me want to wear dresses
You make me want to wear dresses
You look at me so fragile
Wide wide open spaces
Wide wide open spaces
Take me to your castl
It feels so good in there
Much much safer in your castle
Mine got lost somewhere
You make me want to wear dresses
You make me want to wear dresses
Its much much safer in my dresses
You make me want to wear dresses
