

Indestructible

Mary J. Blige

I know he hurt you after swearing that he would change
You're not the first to take him back again and again
And you ain't the first to cry, ain't the first one asking why
So you can't give up the fight, you never know when it's your time
Think about how valuable you are, you are,
you are
Don't let what he put you through 'cause you to close your heart
I know your heart is aching, but you can't let
him break it, baby
You gotta love like you never been hurt, to find a love that you deserve
Indestructible, indestructible
Indestructible, to find love you must be indestructible
Oh, you must be indestructible
I know it took you to a place where there was no love and he left you so numb
You're protecting your heart but girl, you need it, don't let him take away your feelings
Oh, so much to get over, you're feeling stuck but you wanna move forward
If you ready then love will find you, keep moving, don't look behind you
Think about how valuable you are,
think about it, think about it, girl
Don't let what he put you through 'cause you to close your heart
I know your heart is aching, but you can't let
him break it, baby
You gotta love like you never been hurt, to find a love that you deserve
Indestructible, indestructible
Indestructible, to find love you must be indestructible
You must be inde-inde-indestructible, oh yeah
You never know where love's gonna come (you never know
where)
So you gotta be ready
I'm staying open
To the possibility that it's coming for me
You don't wanna end up in the place where you're not real (no you don't)
It would be so sad if you got to a place where you can't hear
Think about how valuable you are, think about it,
think about it, girl
Don't let what he put you through 'cause you to close your heart, don't let him make you feel it
I know your
heart is aching, but you can't let him break it, baby (I know your heart is aching)
You gotta love like you never been hurt, to find a love that you deserve (I gotta do it, you deserve a chance)
Indestructible, indestructible
Indestructible, to find love you must be indestructible
Don't let him break you down
Oh, you must be strong
You must be strong
Hold on, hold on, hold on
Oh, yeah
