Timeless

Ross Lynch

Every day day day
I fall for you a little more
And every night night night
I dream of you so beautiful
Ye-ehEvery time we laugh
I see the sparks fly
And every time you blush
I feel those butterflies
And baby how we feel
Will always be in style
Forever and ever....This love is never gonna fade
We are timeless 2x
My heart never ever change
We are timeless 2x
And were gonna last
Our love will always feel this way
We are timeless...
We are timeless...Ye-e-e-ah
We are timelessWe can talk, talk, talk
For hours and there's more to say, eh, eh
And don't you know, oh, oh
That you and me fit perfectly, eh, eh, oh yeah'Cause every time you smile you light the world up
No matter what you do I can't get enough
And baby how I feel will always be in style
Forever and everThis love is never gonna fade
We are timeless 2x
My heart will never ever change
We are timeless... 2x
And we're gonna lastOur love will always feel this way
We are timelessLike the stars are in the sky
My love for you will always shine
It's you and me eternally
And there's no way to stop us
'Cause we're timeless
We're timeless(This love)
This love is never gonna fade
We are timeless... 2x
My heart will never ever change
We are timeless... 2x

And we're gonna lastOur love will always feel this way
We are timeless...
We are timeless...
