Nothing in the World

Zoot Woman

Nothing In The World
You don't have open your eyes to feel alive
Here is everything we need
We have vision in this position
Staring at the life ahead
The words we said stay in my head
Never let them goLet me take your hand
Making plans
We're set for the sun
Breaking the sound, the wall's come down Only us around
Let me take you home
All I've known is all we have and now
Nothing in the world could ever bring us down
Recovering from my mistakes, am I too late
Is this what I have to face
I need a chance to remedy
Reverse as far as I can see
It seems so clear to hold you near now I'll never let you go
Let me take your hand
Making plans
We're set for the sun
Breaking the sound, the wall's come down Only us around
Let me take you home
All I've known is all we have and now
Nothing in the world could ever bring us down
