Tramp  
You could call me that  
I don't wear continental clothes  
Stetson hats, sometimesMomma would  
Papa too  
I love this child  
It's all I know how to doCall me country  
Right from the words  
I'll answer when you call me  
'Cause baby, if that makes you feel goodMomma would  
Papa too  
I love this child  
It's all I know how to doNow whatever you call me  
I'll even go for that  
"Cause I keep a big  
Fat bank roll in my pocket, babyAnd I'm personal friends  
With the dealer who owns  
All the dealerships  
Of all the CadillacsMomma would  
Papa too  
I love this child  
It's all I know how to do  
Come on child, let's play it
