Water

Rich Homie Quan

[Intro]
You get a little money, that shit can change you or make you. I ain't spittin' nothin' but facts now. Facts only[Verse 1]
(What you do Quan?)
I made a lil' money, then I moved my mama, yeah straight out the hood
I do not have to explain nothin' to you if it's misunderstood
I like them blunts and I'm smokin' on Swishers, they're smokin' Backwoods
I do not want that lil' average lil' bitch, boy I swear that I'm good
Ride in that Bentley [?], mothafucka I'm grippin' the wood
All of this money I made, boy I swear I wouldn't change if I could
Stripes on that 442 Cutly, yeah boy I just painted the hood
Feelin' like Morgan Freeman leanin' on me, I'm drinkin' the mud
Diamonds, they're shinin' like water, bubbles, they're lookin' like suds
I got this ho screaming so loud like she gettin' whipped in the tub
I'm dancin', I'm black and I'm proud, [?], he knew what it was
If you start shootin' them shots, you'll see 'm suitin' it up
Talk about guns, I keep that shit on me, I swear that they're loaded
I stay on molly like coffee, boy I be up like I'm on Folger's
My bitch, she be naggin' because I keep sexy bitches comin' up
I pulled at the light, I was smashin' [?]
She short like a leprechaun, got good luck like a 4 leaf clover
She didn't want to take off her panties so I told the ho pull 'em off
That's when I realized the system's fucked up and they're talkin' a so lot
That's why my swag on outer space, I thought I told yah
If you give him some money, he will not say nothin' for months, he won't budge
I got freak in here with me, like vampire we want blood
How can I fuck with you if you start your sentence off with a "cause"?
Thought I would drown in that water, lil' nigga, my head was above[Hook]
Water
I get my bricks across the water
Diamonds shinin', lookin' just like some water
I swear to God that pussy ain't got no smell just like water
Water, water, water
Water, water, water
Water, water, water
My diamonds shinin' like water and that pussy smellin' like water[Verse 2]
That pussy is smellin' like water, fell in love with the aroma
I do not want that lil' bitch so I let my partner get on her
He claim he know the promoter, but see, me, I know the owner

[?], she suckin' my dick like a piece of bologna
So many horse, we got so many ride, like Kentucky Derby
I'm in the Phantom playin' with her lil' pussy, she closin' the curtains
She don't want nobody in her business, she play like she a virgin
She just wanted to take a pic, she wanted to meet me in person
Then 12 pulled me over, I did no complyin'
Got the house on fire just like Andre Rison
This shit ain't no surprisin'
These niggas disguisin'
Don't care what you call it, got her runnin' like a faucet
She smell like...
