

Everything About You

Avant

If I can get inside your mind
And let my light shine like no other man would
If I can physically, mentally and emotionally
Make you feel like no other man could
If I can take you to my house and lay you on the couch
And do my thing
If I express to you the way I feel in this song
'Bout the joy you bring, yeah Is it your hair? No, your eyes? No, your face? No
Its everything about you
It's your neck? No, your breasts? No, your navel?
It's everything about you
It's your ears? No, your thighs? No, your beautiful toes
It's everything about you
I don't have one thing that I don't love about you girl
It's everything about you If I can smell the morning dew
And your body scent too laying next to me
If I can give you protection, love, and affection
So baby, you don't have to worry
If I can be your teddy bear, or the one that truly cares
When it hurts so much
If I can be the one that fits in your life
Like a mitt or a hand in glove I'll be your sunshine, when your in the rain, I will
I'll give you my happiness and I'll take your pain, yeah Is it your hair? No, your eyes? No, your face? No
Its everything about you
It's your neck? No, your breasts? No, your navel?
It's everything about you
It's your ears? No, your thighs? No, your beautiful toes
It's everything about you
I don't have one thing that I don't love about you girl
It's everything about you You can get to know me, get to love me for who I am
And if you need some time to make up your mind, I won't give a damn, no
'Cause you are so special, worth more than diamonds and pearls
Girl I want you to be, no you need to be part of my world Is it your hair? No, your eyes? No, your face? No
Its everything about you
It's your neck? No, your breasts? No, your navel?
It's everything about you
It's your ears? No, your thighs? No, your beautiful toes
It's everything about you
I don't have one thing that I don't love about you girl

It's everything about you Is it your hair? No, your eyes? No, your face? No

It's everything about you

It's your neck? No, your breasts? No, your navel?

It's everything about you

It's your ears? No, your thighs? No, your beautiful toes

It's everything about you

I don't have one thing that I don't love about you girl
