Weightless

Sissel

All of my life, I have been waiting
Wondering what I will do
All I can feel is my heart beating
Time and time again, for youAnd I'm weightless, falling in love
I am weightless
And I don't know why
But I know it's all rightAll I can hear is my own breathing
Echoin' my loneliness
If I could sleep, I would be dreaming
Of the sweetness of your kissAnd I'm weightless, falling in love
I am weightless
And I don't know why
But I know it's all rightAnd I'm weightless, falling in love
I am weightless
And I'm so high
I'm with my angel tonightAnd I'm weightless, falling in love
I am weightless
And I don't know why
But I know it's so rightAnd I'm weightless, falling in love
I am weightless
And I'm so high
I'm with my angel tonight
