

You And I (Stripped)

PVRIS

I know it's warmer where you are
And it's safer by your side
But right now I can't be what you want
Just give it time And if you and I
Can make it through the night
And if you and I
Can keep our love alive, we'll fight We can meet in the middle
Bodies and souls collide
Dance in the moonlight
Where all the stars align
Oh you and I, oh you and I, oh Well it's cold when we're apart
And I hate to feel this die
But you can't give me what I want
Just give it time And if you and I
Can make it through the night
And if you and I
Can keep our love alive, we'll fight We can meet in the middle
Bodies and souls collide
Dance in the moonlight
Where all the stars align
Oh you and I, oh you and I, oh But for now we stay so far
'Til our lonely limbs connect
I can't keep you in these arms
So I'll keep you in my mind But for now we stay so far
'Til our lonely limbs connect
I can't keep you in these arms
So I'll keep you in my mind Can we meet in the middle
Bodies and souls collide
Dance in the moonlight
Where all the stars align
Oh you and I, oh you and I, oh
