

# Save Yourself

## The Make Up

are you that doctor of mine? x4[background counterpoint, throughout] : Are you that doctor of mine? x7, this

Dr. Frankenstein. Ah, ah, ah, ah. I was frozen, baby

Cold to the touch

Limbs from other bodies,

I didn't look like much, oh, yeah.

I was nothing, baby,

and my blood was cold,

'til you put your mouth to me,

Blew right out my nose, oh, yeah.

I was just a body

until you gave me life

Now, I walk the earth,

scum from your darkest night, oh, yeah.

You're my Dr. Frankenstein, oh, yeah.

You're my Dr. Frankenstein, oh, yeah.

You're my Dr. Frankenstein, oh, yeah.[background counterpoint stops]
