

Little Pieces

Gomez

Little piece of me you can't have
And I know that it's driving you mad
Little part inside you can't reach
I'm afraid that's the way it's gonna be
There's a part of you that wants to fight
But I never really had the appetite
I feel my feelings won't speak
Words that will be taken upon the breeze
The wind is always blowing
Pieces falling from me
You can have them for free
I've never felt so complete
Pieces falling from me
Though you try your best you ever fight
Little pieces that have been left behind
Last, lost piece of the jigsaw
All the others scattered upon the floor
So you try to pick them all up
Little pieces falling in the dust
Little part of ash we don't need
Just leave it to be taken upon the breeze
The wind is always blowing
Pieces falling from me
You can have them for free
I've never felt so complete
Pieces falling from me
All this background noise, clouded never fell
It's half the reason why I left
Time to make another plan and never lie
There's a fine line what you want and what you need
Standing right there in between
Never been that kind of free, I've never lied to me
La, la, la, la
La, la, la, la
La, la
Pieces falling from me
You can have them for free
Never felt so complete
Never be what you need
Something missing from me
And I'll never compete
Never less than complete
Pieces falling from me
