

# Bite Me

## Gucci Mane

I woke up this morning, bussed down a swisher  
Looked in the mirror, like I'm one rich ass nigga'  
Brush my teeth with 100's, wipe my ass with these 50's  
All about the Benji's, competition can't fuck with me  
I woke up this morning, bussed down a swisher  
I woke up this morning, bussed down a swisher  
Looked in the mirror, like I'm one rich ass nigga'  
Brush my teeth with 100's, wipe my ass with these 50's  
All about the Benji's, competition can't fuck with me  
Know these nigga's envy green bottle Remy fifty, in my  
semi  
Waka Flocka Flame, I'm not friendly  
I'm so motherfucking neighborhood, let's get that understood  
I'm not crossing over, this ain't b-ball  
Got partners behind the g-wall, 30 for a murder dog  
So I gotta get it all, I pull up in a two door  
Same color as some puddin'  
Goddamn that car good lookin', driver good lookin'  
Goddamn them rims good lookin'I know you fuck nigga's don't like us but we don't give a fuck  
Copy-Catters bite us, they swag suck  
Know you bitch nigga's gone hate my guts, bite me  
If you think I do re-write me, they say that imitation flattery, so bite me  
I put the Tre-8 in your mouth, I make you like it  
They say that mimicking is flattery, so bite me  
I put the AK in your face, and I make you like meNo chit chat, hit me back  
Gucci did this, Gucci Mane did that  
If I did this and I didn't do that, why'd I do that, why'd I do that  
Put a little of this, with a little of that  
But ain't nothing little about that there, cat  
Triple black, back to back  
By myself, still back to back  
Call me stacks, because I got them racks  
Got them green bags, duffel bags, can't hold cash  
Ceo, labled as, and it cost a price tag, but made me glad  
I'm so jazz, I'm so class  
I don't need no bronco to make me mad  
Bitch ain't bad  
Watch them chest and the mouth like a mad, got more bags in his stash  
Oh my goodness, she sitting in pudding, feel like she shouldn't  
Why she shouldn't, why mess with hundreds, ride 'round in Bentley's

I know the average block was poppalin'  
Don't like me 'cause I'm fucking Icy
