

You Are The Music (Almighty Baroque Mix 2)

Roman Holiday

Come take me on a journey
Let me lose control
Every time you touch me
Make me turn to gold
Life is a game to win
A wheel to spin
Take me down the alleyways
Anywhere it's dark
Let the rhythm of the night
Beat into my heart
Take me secretly
Speak to me Like a melody
Like a harmony
Playing me inside
You are the music
You are the music
The music in my mind
That makes me feel alright
The music deep inside of me
That sets me free with you
You are the music
The music in my mind
The music deep inside of me
That sets me free Make me like a silhouette
Waiting for a friend
Wishing all the time away
I want the day to end
The night is the place to be
The shadows to dance with me
Take me down the alleyways
Anywhere it's dark
Let the rhythm of the night
Beat into my heart
Take me secretly
Speak to me Like a melody
Like a harmony
Playing me inside
You are the music
You are the music

The music in my mind
That makes me feel alright
The music deep inside of me
That sets me free with you
You are the music
The music in my mind
The music deep inside of me
That sets me free
