

# Let It Be Known

## The Growlers

Mack Dime, come on Scarface, Mack demand the respect  
X to tha Z Xzibit, c'mon [Incomprehensible], it's true, we bang  
I got trouble rhymes to a death the troubled times  
A double nine incase niggas get out of line  
And heaven knows that I tried to change  
But in the mist of trying to be a better man  
Trouble is all I can seem to see  
And the fact is I know tomorrow isn't promised to me  
So from this day forth I'll be all I can be  
My brother turned his back on me  
Got to be my own man  
Regardless of what the stakes is, I'ma play my own hand  
And I'm tired of being let down by my so called friends  
Regardless to the blood shed and no tears in the end  
Father, please forgive for I have sinned forgive us all  
But I ain't to blame the lunatics wearing my heart  
And I think I gotta build another wall  
'Cause I don't want the world to see me  
'Cause maybe these demons will try to end me  
I'm exhausted and my body's sleepy  
Never the less it's hard to rest, I'm a nervous wreck  
I walk with the stress  
I use to walk around with a vest  
But now a days I be like, "Fuck it dog  
You fuck with me I gots to fuck with ya'll"  
And make ends is just another word for pay back  
Paying you back today for this grudge that I had way back  
You niggas I grew up with wouldn't play with that  
I send you bitches to the morgue with holes in your head  
No remorse, why you think my niggas taught me to ball?  
'Cause I be walking around in designer suits?  
In fact these niggas know that I'm the truth  
Always scandalous, eye before I shoot  
For disrespect [Incomprehensible] there is no excuse  
Calling the choices  
No respect, respect is respect  
X! Want a war? Die on, walk the line get it on  
Here to today, then your gone fucking with us  
If you talk it up, back it up, paper start stacking up

Niggas start acting up, let it be known  
X! Want a war? Die on, walk the line get it on  
Here to today, then your gone fucking with us  
If you talk it up, back it up, paper start stacking up  
Niggas start acting up, let it be known  
I play with psychotic, lunatic, gang da rang shit  
You know that walk up dome nigga close range shit  
Mack 10 probably licked out so deep I dream on it  
Locate my pray and [Incomprehensible] and put my red dot beam on it  
Put the hammer lot squeeze on it with the dope kick in  
Fuck a rage feel the 44 shot deep with in  
Bitch niggas can't fuck with true niggas by nature  
And believe me dog you got a problem on your hands if I hate ya  
I'll make [Incomprehensible] spit flames like a K nigga  
Now close your eyes, pray nigga I swear it's your day nigga  
Got so much dope off it's like a crack storm to me  
And your heart is so gone but your ass belongs to me  
Using my colors against me but this time stay true  
Ain't no body to blame shoot, for you now being through  
Plus and make one move to the game  
When your scandalous living trife  
That's when you fuck with a real nigga gotta pay with your life  
X! Want a war? Die on, walk the line get it on  
Here to today, then your gone fucking with us  
If you talk it up, back it up, paper start stacking up  
Niggas start acting up, let it be known  
X! Want a war? Die on, walk the line get it on  
Here to today, then your gone fucking with us  
If you talk it up, back it up, paper start stacking up  
Niggas start acting up, let it be known  
You say, I can't hustle well, hell if I can't  
I keep my nose to the grind and go hard to the paint  
With a ki of that white or a pound of that dank  
And if it's dank it gotta be sticky and stank  
It's the dope dealer 1-0 the powder pusher  
You's a pussy so you's a dusher and blood gusher  
I'ma Inglewood swangin', I'ma rep Hoo-Bangin'  
I'ma let my nuts hangin', I'ma do tha damn thangin'  
I fuck all bitch niggas and slap up hoes  
And shatter windows with K's and chemicals  
So when the funk kick is on  
We don't need a show stopper  
Get the rangin' east poppers  
Squeeze and waving east choppers  
Fuck around with this shit and get your wig split

Either do it myself or just pay for your hit  
It's the chicken hard passion  
And I'm never letting up  
Anything in my way best believe I'm wetting up  
X! Want a war? Die on, walk the line get it on  
Here to today, then your gone fucking with us  
If you talk it up back it up, paper start stacking up  
Niggas start acting up, let it be known  
X! Want a war? Die on, walk the line get it on  
Here to today, then your gone fucking with us  
If you talk it up back it up, paper start stacking up  
Niggas start acting up, let it be known  
X!
