

# Good Days, Bad Days

Rebecca Ferguson

People say dream  
Everyboy dreaming their life away  
And there you are  
Wishing on stars everyday Feel torn by the You work so hard to hide  
But life's a bitch  
Remember she's not always on time Right through your good days and bad days  
Sad days and dark days  
I'll be here for ya  
And when you're too weak to get off the ground  
I'll pick you up, won't knock you down  
I'll be here for ya  
People wanna get away  
Everybody trying to do something with their lives  
With some sense you've gotta pay  
But it's not a price you pay all of the time  
And everything you have to face  
What would do I think you'll find it's alright  
So give yourself a break  
And be patient  
Let's all come out of the rain Right through your good days and bad days  
Sad days and dark days  
I'll be here for ya  
And when you're too weak to get off the ground  
I'll pick you up, won't knock you down  
I'll be here for ya  
Right through your good days and bad days  
Sad days and dark days  
I'll be here for ya  
And when you feel like you can't get off the ground  
I'll be here for ya When you're alone by yourself  
And you feel like nbody is yours  
I'll be there  
When you feel like nobody's around to help  
I'll be there  
And every tear that you cry  
I will pour out to dry  
I'll be there Right through your good days and bad days  
Sad days and dark days  
I'll be here for ya

And when you're too weak to get off the ground  
I'll pick you up, won't knock you down  
I'll be here for ya Right through your good days and bad days  
Sad days and dark days  
I'll be here for ya (I'll be there for ya)  
And when you feel like you can't get off the ground  
I'll, I'll be there for ya (I'll be waiting for ya) People wanna get away  
Everybody trying to do something with their lives  
People wanna get away  
Everybody trying to do something with their lives...
