

Invisible Girl

Minnie Driver

Panda eyes and your sister's dress that you took and you tore
And you know that you got a long walk home
Pick your way over drunken shapes on the lawn by the pool
And you lost both your shoes that his Mom's gonna find
Her dress, your shoes
Little flower blooms
Old smoke in your hair
No subway fare, but you don't care
Heart shines like a neon sign
For tonight won't you just be mine
Invisible girl, in the sodium light
She's the queen of the night
Crown starts to slip and fade, little feet on the street
Tired girl in someone else's clothes
Stand in the quiet house, making tea, making toast
Making room for your daytime ghost
Her dress, your shoes
Little flower blooms
Old smoke in your hair
No subway fare, but you just don't care
Heart shines like a neon sign
For tonight won't you just be mine
Invisible girl, in the sodium light
She's the queen of the night
Heart shines like a neon sign
For tonight won't you just be mine
Invisible girl, in the sodium light
She's the queen of the night
Your sun is the evening star
Your temple's the downtown bar
Invisible girl, in the sodium light
She's the queen of the night
She's the queen of the night
