

# Devil's Night

## D1

I am an enemy of everything  
My life is not for sale  
My heart is in this fight forever  
What can you take from me?  
When there's not a single fucking day  
I haven't fought to stay alive?  
We're finding hope in the hopeless  
I am still their voice that gets stuck in your head  
I am me  
And I have come to fucking scare you to death  
Because that's what you deserve you disgusting piece of shit  
I know the only words that you have for me  
Are give up and get out  
You'd like to think that we've been beaten  
But we're here to stay  
Forever and always  
Every single day  
Not giving up, living up all my dreams  
So go ahead and look like I'm inferior  
Condescension, Suffering, Callousness and Loathing  
Are the badges I have earned for my cause  
And I am finding hope within hatred  
A reason to persist, to push past everything  
We are here  
And we have come to scare you to death  
Because that's what you deserve  
You fucking fake ass hypocrites  
I know the only words that you have for me  
Are give up and get out  
You'd like to think that we've been beaten  
But we're here to stay  
Forever and always  
So loud  
We are the ones that you pushed away  
For drowning your voice out  
You'd like to think  
We've been defeated, but we're here to stay  
Forever and always

We've been through everything  
And we all have our scars  
We may be broken but you  
CAN?T KILL ALL OF US  
GOOOOOOO!!!  
Think before you fucking speak  
I am no villain, think before you fucking speak  
People fear what they don?t understand  
And so now beauty has become the fucking beast  
(Maybe you didn't hear me?)  
I SAID GO FUCK YOURSELF!!!  
I know the only words that you have for me  
Are give up and get out  
You?d like to think  
That we've been beaten but we?re here to stay  
Forever and always  
So Loud  
We are the ones that you pushed away  
For drowning your voice out  
You?d like to think  
We?ve been defeated, but we?re here to stay  
Forever and always
