

# Adios (feat. Serayah McNeill)

## Empire Cast

We can do how you want it  
Just tell me how you want it  
I can do what you want boy

Some call me a rolling stone  
I don't want to stay too long  
I'd rather be like a breeze  
Come and going as I please  
But you're the one that I want, baby  
I need you, love you, drive me crazy  
No I never want you to go  
So stay right here till my body go

Don't you go  
We got that chemistry  
Don't you go  
Knock it out like one, two, three  
You're the one  
Let's go  
Boy, I'm ready  
Come here, kiss me  
Set my heart free

Adios boy, don't say adios boy  
Adios boy, don't say adios

You are my adrenaline  
I don't want no medicine  
If they try to take a peek  
Say that thing that's just for me

'Cause I'm outta my head right now  
Capture me and I don't know how  
And I'm always want you around  
A wavy body is a perfect sound

Don't say, don't say  
Don't say adios boy

Don't say, don't say no

No, no

Do you like that?

Uh uh

I give it like that

Yeah

Ooh, I know you like that

I'm addicted like a drug

I'm addictive like a drug

I can't live without your love

I can't live without your love

Empire

Rihanna
