

Luna (French Version)

Fear of Men

You are unbearable memories when i sleep
I've tried my best to destroy you
But the waves keep overflowing me
Washing me out til i'm empty
What you want is bleached out by the sun

My weakness is waiting
Could words even shake what i've become
I hate this, i hope you know that i open at your touch
(you give up, you give up)

I open at your touch
(you give up, you give up)

You are unbearable memories when i sleep
I've tried my best to destroy you
But the waves keep overflowing me
Washing me out til i'm empty
Nobody can save me from myself

It's harder to let go
Reality cannot abandon me
It's painful, i hope you know that i want you more than this
(you give up, you give up)

I want you more than this
(you give up, you give up)
You are unbearable memories when i sleep

I've tried my best to destroy you
But the waves keep overflowing me
Washing me out till i'm empty

When you notice
Nothing left
Nothing left

When you notice I'm already gone
