

Love and Leave

Scattered Trees

I will wake up, wait for you to move
I will lay right here just to remember you
Cause every day you love and you leave me, every day
I will wait, I'll be quiet, I will play the fool
Cause I know that when you wake up you'll be gone soon
Cause every day you love then you leave me, every day, every day
We'll be the only ones, we'll be the only ones to remember
We'll be the only ones, we'll be the only ones to remember
We'll be the only ones, we'll be the only ones to remember
We'll be the only ones, we'll be the only ones to remember
Every day you love then you leave me, every day, every day
I'm crazy, I'm crazy, I'm going crazy
We'll be the only ones, we'll be the only ones to remember
We'll be the only ones, we'll be the only ones to remember
I'm crazy, I'm crazy, I'm crazy, I'm crazy, I'm going crazy.
