The Slaughter House

Balzac

Better way
(Go)
That you go
(I know)Your shadow and it covers on my Halloween
You remember nights when you slip awayRun away
(Go)
Down this road
(I know)Your shadow and it covers on my Halloween
You remember nights when you slip awayLord of the light and the darkness
Don't forget the 13 stairway
Lord of the light and the darkness
Don't forget the room number 308Whoa, oh
Don't forget the room number 308
Whoa, oh
Don't forget the room number 308
