

Tennessee Girl

Tyler Barham

I pull up she's hanging out wash on the clothes line
Ponytail set just right
Tank top looking so fine
A quick turn and a skip to my Lou to the passenger side
Hops in for a joyride
Crank the radio open-wide I love my Tennessee Girl
She's got a smile like sunshine
Let's me know she's always mine
Hey we're walking on cloud nine
Taking our sweet time
I love my Tennessee Girl
She's got her hand in my back pocket
I'm hers and there's no stopping love
Cruisin' down the back road
Shoutin' out the window
I love my Tennessee Girl A cool date were hanging out late by the lakeside
Picnicking in the moonlight
Crickets warming up a lullaby
She leans in whispers in my ear that she's got a surprise
Just as I close my eyes
There goes my face in the apple pie I love my Tennessee Girl
She's got a smile like sunshine
Let's me know she's always mine
Hey we're walking on cloud nine
Taking our sweet time
I love my Tennessee Girl
She's got her hand in my back pocket
I'm hers and there's no stopping love
Cruisin' down the back road
Shoutin' out the window
I love my Tennessee Girl Bridge: It's just another beautiful day
Made special in her own way I love my Tennessee Girl
She's got a smile like sunshine
Let's me know that she's always mine
Hey we're walking on cloud nine
Taking our sweet time
I love my Tennessee Girl
She's got her hand in my back pocket
I'm hers and there's no stopping love

Cruisin' down the back road
Shoutin' out the window
I love my Tennessee Girl
