No Matter What You Are

The Platters

No matter what you are, I'm so in love with you
No matter how you've made me cry, I really care
No matter what you've done, no matter what you do
You are my only one I love, no matter whoOh, I care for you just like I did before
Just like I loved you then, I, I love you still
Oh, baby, I'll care for you until my days are through
For loving you is still my only thrillNo, no, no matter what you are
I hope that you will change
For it will make no matter then
That you were once so strange
