Drive (feat. Erin Renee)

Moog

Rollin' on the west side
Looking for sunrise
Waiting for you and IHearing the explosions
Under the ocean
Waiting for the world to dieI don't know who you are
But you can show me tonightHold my hand, let's go
Anywhere you wanna go
Pick me up and drive
Make me last foreverHold my hand, let's go
Anywhere you wanna go
Leave behind the world
Make it last foreverRollin on the white line
Looking for the light
Shining on you and IListen to the highway
Move us far away
Waiting for the world to dieI don't know who you are
But you can show me tonightHold my hand let's go
Anywhere you wanna go
Pick me up and drive
Make me last foreverHold my hand let's go
Anywhere you wanna go
Leave behind the world
Make it last foreverMake this moment
Last forever
(x4)I didn't want you to go away
I didn't want you to feel this way
Everything that we were
Will last forever
(x2)Hold my hand let's go
Anywhere you wanna go
Pick me up and drive
Make me last foreverHold my hand let's go
Anywhere you wanna go
Leave behind the world
Make it last forever
(x2)Make me last forever
