

Friend of Nothing

together PANGEA

I'm a friend of the nothing
We're going out this weekend
Maybe go see a movie
Baby there's nothing to see
You've been waiting for something
You've been waiting for something to happen
I've been waiting for nothing I'm a friend of the nothing
We're going out this weekend
Maybe go see a movie
Baby there's nothing to see
I've been sleeping till sunset
You're the only one who gets it
Gotta get my alarm set
Gotta find a new outlet
Break my face and steal my guitar
Break my heart, take it apart
I'm a friend of the nothing
I'm a friend of the nothing
Break my face and steal my guitar
Break my heart, take it apart I'm a friend of the nothing
I'm a friend of the nothing Nothing will and nothing could
Nothing makes me feel this good
It's nothing Nothing will and nothing could
Nothing makes me feel this good
It's nothing
Nothing will and nothing could
Nothing makes me feel this good
It's nothing Nothing will and nothing could
Nothing makes me feel this good
It's nothing
