

Do It (Harry Choo Choo Romero Remix)

[Nelly Furtado](#)

You're standing at the door
I'm falling to the floor
You look even better than you did before
I'm staring at my feet
Wondering if I can do this
It's been a while but I couldn't forget you
Just a little look has got me feeling things
Just a little taste has got me seeing things
Just a little touch has got me off the chains
Doing things that I don't want to
Do it like you do it to me (I'm burning up)
Do it like you do it to me (it's not enough)
Do it like you do it to me (just open up)
Don't you know how much I want you
We're sitting real close and I can feel your breath
I wanna touch your hand but I lay back
'cause you know this thing could spiral in the night
I've changed my mind I'm ready for you this time
