

# Hell Raisers

## Vixen

Watch outHave you heard the word on the streets today?  
We're packin' out, it ain't your way, your way  
Roll out the carpet and kneel onto the ground  
Shut off the party 'cause we're coming 'roundStep into the fire  
We're here to stray for you  
We're taking you higher  
That's what we're paid to doHell raisers from town to town  
Hell raisers never let you down  
Hell raisers, steppin' out  
Hell raisers, let there be no doubt, noNew York to London, Paris to L.A.  
Rollin' thunder 'cause storm is on the way, get ready  
Pressure risin' as the last's goin' down  
Pretty seats, we've come to rock this townStep into the fire  
We're here to stray for you  
We're taking you higher  
That's what we're paid to doHell raisers from town to town  
Hell raisers never let you down  
Hell raisers, steppin' out  
Hell raisers, let there be no doubtLook outHave you heard the word on the streets today?  
We're packin' out, it ain't your wayHell raisers from town to town  
Hell raisers never let you down  
Hell raisers, let there be no doubt
