

Not Far

Austin Mahone

Only if you could see me now
I hope that you'd be proud of me
You told me to keep my feet right on the ground
Even when my head was in the clouds, you loved me 'Cause every time I fall you pick me up and I feel better
And all the things you told me that are holding me forever
You're smiling down on me I know it
And any time I needed you you'd be right there whenever
I'll always hold the memories of times we had together
I'm praying like that you still see me If I could spend another day with you
With you, with you, with you
Then I would tell you everything, you already know
Already know, already know, already know I have so many things to say
But I'm sure that you already know that I miss you, oh
Oh, that's why I never worry about a thing
Ahh
'Cause even though you're not here with me, I know that you're not far
You're not far, not far You picked me up every day right after school
I know that I get always thank to you for anything
You told me that I can always count on you
And even though that I would act a fool you loved me, loved me 'Cause every time I fall you pick me up and I
feel better
And all the things you told me that are holding me forever
You're smiling down on me I know it
And any time I needed you you'd be right there whenever
I'll always hold the memories of times we had together
I'm praying like that you still see me If I could spend another day with you
With you, with you, with you
Then I would tell you everything, you already know
Already know, already know, already know I have so many things to say
But I'm sure that you already know that I miss you
Ooh, ah
Aah, that's why I never worry about a thing
Aah
'Cause even though you're not here with me, I know that you're not far When ever I was in the dark
You were my light to guide the way
And now it seems we're far apart
And my heart ain't the same
It's times like this that I need you
You always knew just what to say

And I know that you can't hear me
But I really miss you Oh, oh
Oh
Yeah, I have so many things to say
But I'm sure that you already know that I miss you
Oh
Aah, that's why I never worry about a thing
Aah
'Cause even though you're not here with me, I know that you're not far
