Don't Say Anything

Number One Fan

This is not working out
I showed you the door just go
You ask just too much of me
And if it's all the same to you I'll be aloneDon't say anything
You'll win me back with three simple words
Don't try anything
I need you now more than ever before my loveBefore long I came crawling back
It was me that was wrong all along
I just did not understand how you didn't even know I was gone
Don't say anything
Words would only ruin the moment
Don't try anything
Nothing now could tear us apart my love
You gave me my choices and I chose wrong
I bet that doesn't surprise youDon't make me sad cause I cry like a girlDon't make me mad cause I'll loose my composure
That's all I have.
