

# Into the Moonlight

## Dream Evil

Altogether why! I can't believe my eyes  
what I see standing in front of me Crowd of thousand Men who've come to make a stand  
Here we are, under the seven stars Ride, side by side  
touching the fire in the soul of ours, tonight as we ride  
into the moonlight  
fear, step aside  
run and hide I'm not afraid to risk my life as we ride  
into the moonlight halfway home we face the dark ones eye to eye  
step aside! Unless you want to die Night is cold and black a blind man leads the blind  
we can't see the forest for the trees Ride, side by side  
touching the fire in the soul of ours, tonight as we ride  
into the moonlight  
fear, step aside  
run and hide I'm not afraid to risk my life as we ride  
into the moonlight Ride, side by side  
touching the fire in the soul of ours, tonight as we ride  
into the moonlight  
fear, step aside  
run and hide I'm not afraid to risk my life as we ride  
into the moonlight
