

Into the Moonlight

Dream Evil

Altogether why! I can't believe my eyes
what I see standing in front of me Crowd of thousand Men who've come to make a stand
Here we are, under the seven stars Ride, side by side
touching the fire in the soul of ours, tonight as we ride
 into the moonlight
 fear, step aside
 run and hide I'm not afraid to risk my life as we ride
 into the moonlight halfway home we face the dark ones eye to eye
step aside! Unless you want to die Night is cold and black a blind man leads the blind
 we can't see the forest for the trees Ride, side by side
 touching the fire in the soul of ours, tonight as we ride
 into the moonlight
 fear, step aside
 run and hide I'm not afraid to risk my life as we ride
 into the moonlight Ride, side by side
 touching the fire in the soul of ours, tonight as we ride
 into the moonlight
 fear, step aside
 run and hide I'm not afraid to risk my life as we ride
 into the moonlight
