Chorus of the Saints

Revive

There's the redeemed lost again
Confused with doubts and suffering
But if only they'd open up their eyes
And see the beauty of their God
Who has never left their sideThis is the chorus of the saints
Singing 'Hallelujah our God is faithful'
This is the chorus of the saints
Singing 'Hallelujah our God is faithful'We the redeemed are lost again
With misplaced trust and desire to complain
But if only we'd open up our eyes
And see the beauty of our God
Who has never left our sideThis is the chorus of the saints
Singing 'Hallelujah our God is faithful'
This is the chorus of the saints
Singing 'Hallelujah our God is faithful'So open up your eyes
And see the beauty of your God
Who has never left your sideThis is the chorus of the saints
Singing 'Hallelujah our God is faithful'
This is the chorus of the saints
Singing 'Hallelujah our God is faithful'
This is the chorus of the saints
Singing 'Hallelujah our God is faithful'
