

# Chorus of the Saints

## Revive

There's the redeemed lost again  
Confused with doubts and suffering  
But if only they'd open up their eyes  
And see the beauty of their God

Who has never left their side This is the chorus of the saints  
Singing 'Hallelujah our God is faithful'  
This is the chorus of the saints  
Singing 'Hallelujah our God is faithful' We the redeemed are lost again  
With misplaced trust and desire to complain  
But if only we'd open up our eyes  
And see the beauty of our God

Who has never left our side This is the chorus of the saints  
Singing 'Hallelujah our God is faithful'  
This is the chorus of the saints  
Singing 'Hallelujah our God is faithful' So open up your eyes  
And see the beauty of your God

Who has never left your side This is the chorus of the saints  
Singing 'Hallelujah our God is faithful'  
This is the chorus of the saints  
Singing 'Hallelujah our God is faithful'  
This is the chorus of the saints  
Singing 'Hallelujah our God is faithful'
