Bangkok - Destroyer

Like you, I've been around the world,  
seen a million girls  
I've seen Bangkok,  
I've seen Bangkok  
Black, blue, red, YZ, oh very nice  
Very nice

Like you, I've been around the world,  
worn a million pearls  
I've seen Bangkok,  
I've seen Bangkok  
I've seen Bangkok,  
I've seen Bangkok  
So bring out your dead,  
bring out the light

Bring out your dark birds in flight  
Bring out your red roses too  
Hey, what's got into Sunny?  
So bring out your dead,  
bring out the light

Bring out your dark birds in flight  
Bring out your red roses too  
Hey, what's got into Sunny?  
So bring out your dead,  
bring out the light

Bring out your dark birds in flight  
Bring out your red roses too  
Hey, what's got into Sunny?  
So bring out your dead,  
bring out the light

Bring out your dark birds in flight  
Bring out your red roses too  
Hey, what's got into Sunny?  
Oh, what's got into Sunny?  
Hey, what's got into Sunny?
