

Empty Shell (DC '06)

Cat Power

All that is left is an empty shell
Of my heart that is crushed
I don't never wanna see
What my mind has seen
When you loved me
Every night, every night alone with you
Every night alone now When she sits on your lap
Try to pretend to laugh
When she does stupid things
Just like I used to do
Do no hate her
Don't you even try
For to leave her is to love her
The same as you and I love you
And I miss you too
I really do love you
And I really miss you too But I don't know you
And I don't need you
And I don't want you anymore
