Return to the Abyss

Suffocation

Not all of us were born as equals
Pre-determined to rise or to fall
The strain cannot be ever altered
Through dreams it can be decipheredEnraptured to return to the abyss
Bow to the infinite
Beyond a life that was lived outThere is nothing that you can do
To change this life that you've been given
Nothing remains for you to embrace
Only silence for you to hear
Unconsciousness, relics within
This illusion reflects what's real
There is no more, no more deception
Your perception has been shattered
Enraptured to return to the abyss
Bow to the infinite
Beyond a life that was lived outTo stay is to accept a fate
Most will never know anything just beyond that
To escape is to embark
On the unimaginable
To end this is the only way
Approaching the precipice, release of consciousness
To leave this world behind
The path begins
Beyond the darknessMortality's last fleeting moments
Your heartbeat wanes before the passing
Try to refute this world of substance
Grasping for light, the darkness shrouds
Enraptured to return to the abyss
Bow to the infinite
Beyond a life that was lived outThere is nothing that you can do
To change this life that you've been given
Nothing remains for you to embrace
Only silence for you to hear
Unconsciousness, relics within
This illusion reflects what's real
There is no more, no more deception
Your perception has been shattered
