

# Help Me Lose My Mind (feat. London Grammar)

## Disclosure

Talk to me and watch me crumble  
You will see you got mine down Faithfully I will look over  
There I'll find what you've become (What you've become) You help me lose my mind  
And you believe something I can't define  
Help me lose my mind, make me run back  
What if all before  
Keep, I need more time  
How much longer  
Who I've been waiting for Jealousy will be washed over  
Carefully we look on through Could it be easy to start over  
Somehow I will bring you too (What you've become) You help me lose my mind  
And you believe something I can't define  
Help me lose my mind, make me run back  
What if all before  
Keep, I need more time  
How much longer  
Who I've been waiting for Who I've been waiting  
I've been waiting waiting waiting  
I've been waiting waiting waiting  
I've been waiting waiting waiting  
I've been waiting waiting waiting  
I've been waiting waiting waiting  
I've been waiting waiting waiting  
I've been waiting waiting waiting You help me lose my mind  
And you believe something I can't define  
Help me lose my mind, make me run back  
What if all before  
Keep, I need more time  
How much longer  
Who I've been waiting for  
(How much longer)
