

# Ruun

## Enslaved

Have you ever seen beyond the reach?  
Have you ever felt the change?  
Visions from an altered state  
They conceal and relevate  
Communing once again with Gods  
Thread unto the impossible path  
Talking with a different tongue  
Heralding the unsung  
Reach for them, see them turn away  
Have you ever seen beyond the reach?  
Have you ever felt the change?  
Visions from an altered state  
They conceal and relevate  
Fly away, chains undone  
Reach for them, see them turn away  
Doors open wide  
Step into the light  
No turning back  
Embrace the night  
Breathe eternities  
We are not alone  
Never to return  
Merge with the unknown
