Getaway

Adelitas Way

Don't need you holdin' my hand and tellin' me when,
I gotta disable the man like one of the damned,
It's not what I needed,
I'm tired of feelin',Like you just don't understand I got other plans,
And all you do is demand,
It's more than I have,
It's not what I needed,
That's what I'm feelin',Like I need a good time lately,
Gonna have a good time take me,
I need a little getaway,
I know I gotta get away,
'Cuz I need a good time lately,
Gonna have a good time take me,
I need a little getaway,
I gotta gotta get away,Don't need you dragging me down,
I feel like I drown,
And I'm not hanging around,
I'm outta this town,
I gotta believe it,
And that's how I'm feelin',This ain't what livin's about,
I gotta get out,
I wanna grab you and shout,
I'm screaming it loud,
Just what I needed,
It's just how I'm feeling,Like I need a good time lately,
Gonna have a good time take me,
I need a little getaway,
I know I gotta get away,
'Cuz I need a good time lately,
Gonna have a good time take me,
I need a little getaway,
I gotta gotta get away,Don't need you holdin' my hand and tellin' me when,
I gotta disable the man like one of the damned,
It's not what I needed,
I need a little getaway,I'm looking for a good time lately,
Gonna have a good time take me,
I need a little getaway,
I know I gotta get away,
'Cuz I need a good time lately,

Gonna have a good time take me,
I need a little getaway,
I gotta gotta get away,Need a little getaway,
Gotta Gotta get away,
Little getaway.
