Lazers from My Heart (feat. Elliphant)

Birdy Nam Nam

Lasers from my heart shoot into the night
You think you're safer, but you're now in my side
My laser shoot cut you off in a shower
You're looking good from inside and outLasers from my heart shoot into the night
You, you think you're safer, but you're ridin' my side
My lazer shoot boy, I cut you off from where I shout
Mmm, you're looking good from inside and outFrom inside and outHolla, holla waving callin' out for the rocker
Falling up, me a blossom in this place to be
This pumping make me raw, this pumping make me raw
This pumping make me raw, come and look at me
Lazers from my heart shoot into the night
You, you think you're safer but you're riding my side
My lazer shoot boy, I cut you off from where I shout
Mhm, you're looking good from inside and out
Lazers from my heart shoot into the night
You, you think you're safer but you're ridin' in my side
My lazer shoot boy, I cut you off from where I shout
Mhm, you're looking good from inside and outThis pumping make me raw, this pumping make me raw
This pumping make me raw, make me flush me babe
This pumping make me raw, this pumping make me raw
This pumping make me raw, make me flush me babeHolla, holla waving callin' out for the rocker
Falling up, me a blossom in this place to be
This pumping make me raw, this pumping make me raw
This pumping make me raw, come and look at me
Lazers from my heart shoot into the night
You think you're safer boy, you know you know you're riding my side
My lazer shoots boy, I cut you off from where I shout
You're looking good from inside and out
Lazers from my heart shoot into the night
You think you're safer boy, you know you know you're riding my side
My lazer shoots boy, I cut you off from where I shout
You're looking good from inside and out
Lazers from my heart shoot into the night
You think you're safer boy, you know you know you're riding my side
My lazer shoots boy, I cut you off from where I shout
You're looking good from inside and out
